Re: Business and Education Partnership

One of the adopted goals of our Bronson Community Schools Board of Education is to engage in highly collaborative practices with our community. We are working with the City of Bronson, the Chamber of Commerce, Bronson Rotary, and other groups to foster a partnership between the schools and the community.

You can follow the schools through the local newspapers or check out our website at www.bronson.k12.mi.us. There is a great deal of information posted there. In addition, parents can sign up in school building offices for "Parent Connection." This is an on-line way of tracking your student's attendance and grades. You are also welcome to call or e-mail school staff members.

If you have any questions regarding the schools, you are always welcome to call me at 517-369-3257 or email me at modertj@bronson.k12.mi.us. We would love to work with you to make our schools the best they can be.

County schools are working through the Chamber of Commerce to develop a Business/Education Partnership Committee. We intend to meet maybe once per quarter for an hour or so. It would consist of the school superintendents and about 5 business representatives from Bronson, Quincy and Coldwater. I would be very pleased to have you join us. Please contact me if you would be willing to help.

Thanks for all you do and for continued faith in our city and our schools.
