November 11, 2011

Dear Parents:

We have established a College/Work Readiness Committee to help prepare students for what's beyond high school. That is the second half of our vision statement as shown above. One thing that was requested by the committee members was to have a good site for parents to be able to access information helpful to them in working with their students to fill out applications, financial aid forms, find scholarships, etc. We have found an outstanding web site that could be a great resource to provide this information for those who are college bound.

We recommend that you visit <http://davetgc.com>

Follow the links on this site and you will find that it is a wonderful resource for you to help guide your students to the appropriate choices for each of them.

We hope that you find this resource to be helpful.

Sincerely,  
James R. Modert  
Superintendent
